

Health Insurance Fraud

What You Should Know

Fraud Affects Everyone

Fraud may cost the health care industry (public and private payers) more than \$200 billion each year. As a member of Blue Cross and Blue Shield of Texas (BCBSTX), this fraud may cause you to face rising premiums, increased copayments and deductibles, and the elimination of certain benefits.

Don't Be a Victim

In addition to losing money through fraud, members may also experience physical and mental harm as a result of health care fraud schemes in which a provider performs unnecessary or dangerous procedures.

Identifying Fraud

Commonly identified schemes involving providers include:

- ▶ **Misrepresenting Services** – Intentionally billing procedures under different names or codes to obtain coverage for services that aren't included in a member's plan.
- ▶ **Upcoding** – Deliberately charging for more complex or more expensive services than those actually provided.
- ▶ **Non-rendered and/or "Free" Services** – Some providers intentionally bill for tests or services never provided. This can also mean that the provider offered "free" services to bill the insurance company for services not performed or needed.
- ▶ **Kickbacks, Bribes or Rebates** – Referring patients to a provider or facility where the referring provider has a financial interest.

Commonly identified member schemes include:

- ▶ **Identity Swapping** – Allowing an uninsured individual to use your insurance card.
- ▶ **Identity Theft** – Using false identification to gain employment and the health insurance benefits that come with it.
- ▶ **Non-eligible Members** – Adding someone to a policy who is not eligible or failing to remove someone when that person becomes ineligible.
- ▶ **Prescription Medicine Abuse and Diversion** – Controlled substances can be obtained through deception or dishonesty for personal use or sale "on the street." Prescription medications can be obtained through doctor shopping, visiting several emergency rooms or stealing doctors' prescription pads.

Fraud **increases costs**
and **decreases benefits.**

Fighting Fraud

BCBSTX offers these tips:

- ▶ Know your own benefits and scope of coverage.
- ▶ Review all Explanation of Benefits (EOB) forms. Make sure the exams, procedures and tests billed were the ones you actually had with the provider who treated you.
- ▶ Understand your responsibility to pay deductibles and copayments, and what you can and cannot be balance-billed for once your claim has been processed.
- ▶ Guard your health insurance card and personal insurance information. Notify BCBSTX immediately if your card or insurance information is lost or stolen.
- ▶ Sign and date only one claim form per office visit.
- ▶ Never lend your member ID card to another person.
- ▶ Don't give out insurance or personal information if services are offered as "free." Be sure you understand what is "free" and what you or your employer will be charged for.
- ▶ Ask your doctors exactly what tests or procedures they want you to have and why. Ask why the tests or procedures are necessary before you have them.
- ▶ Be sure any referrals you receive from your network provider are to other network doctors or facilities. If you're not sure, ask.
- ▶ Monitor your prescription utilization via the BCBSTX website or your Pharmacy Benefit Manager (PBM). Make sure the medications billed to your insurance are accurate.

Our **Special Investigations Department** is one of the most effective in the industry.

Preventing Health Care Fraud

BCBSTX created the Special Investigations Department (SID) to fight fraud and help lower health care costs. The staff includes individuals with medical, insurance and law enforcement backgrounds as well as data analysts experienced in detecting fraudulent billing schemes. The SID aggressively investigates allegations of fraud and refers appropriate cases for criminal prosecution.

Fraud Isn't Fair. Help Us Fight It.

Reducing health care fraud is a collaborative effort between BCBSTX, its providers and its members. Additional information — including a fighting fraud checklist — is available through the SID website at bcbstx.com/sid.

We also encourage you to report any suspected incidence of fraud by calling our Health Care Fraud Hotline, completing a form online or sending us a note in the mail. Suspicions of fraud can be reported to the SID anonymously.

Three Ways To Report Fraud To BCBSTX

The SID is here to help you. You can contact the SID in any of the following ways:

1. 800-543-0867

The toll-free Fraud Hotline operates 24 hours a day, seven days a week. You can remain anonymous or provide information if you want to be contacted by a member of the SID.

2. bcbstx.com/sid/reporting

This website address links to an online fraud reporting form that can be completed and sent to the SID electronically.

3. U.S. Mail

You can write the SID at:
Blue Cross and Blue Shield of Texas
Special Investigations Department
1001 E. Lookout Drive, Tower A-2.212
Richardson, Texas 75082
